USAF EPIDEMIOLOGICAL CONSULTANT

This publication is prepared and disseminated for the specific purpose of providing epidemiological information within the general scope of the USAF Aerospace Medicine Program (AFM 161-2, dated 10 October 1962).

The USAF Epidemiological Services are concerned with the relationships of various factors and conditions which contribute to injuries and to the frequency and distribution of all illness among Air Force personnel (AFR 161-12, dated 25 September 1962).

The information contained in this publication is a part of the consultation service being rendered to the USAF medical services and is considered to be expert professional opinion. The use of such information for purposes other than as specified above relieves the authors and the USAF of any responsibility or obligation.

Qualified requesters may obtain copies of this publication from ASTIA. Orders will be expedited if placed through the librarian or other person designated to request documents from ASTIA.

FOREWORD

This publication was prepared by the following personnel of
the USAFE Epidemiological Flight (TUSLOG Detachment 36):

JACK E. KIELTY, Staff Sergeant, USAF

JOSEPH C. NOTHERN, Airman First Class, USAF

Edited by: DONALD R. BRIDGEWATER, Captain, USAF, VC

This publication has been reviewed and approved.

GEORGE R. ANDERSON
Lt Colonel, USAF, MC
Commander

1962 ZONOTIC DISEASE INCIDENCE IN TURKEY

This publication has been prepared for informational purposes to give the reader quickly and as accurately as possible an overall picture of the incidence of six of the zoonotic diseases as reported in Turkey. All information herein has been extracted from The Bulletin of the Reportable Contagious Diseases, published bimonthly in Ankara, Turkey, by The Republic of Turkey, The Ministry of Agriculture Directorate General of the Veterinarian.

This information was collected covering the period 1 January 1962 through 31 December 1962, with particular reference to epidemic areas and consequential spread to the surrounding provinces.
